### **TABLE OF CONTENTS**

*View an article by clicking its title. Some articles take longer to load due to file size.*

*The articles represent the opinions of the authors and not the International Society of Radiology unless specifically stated.*

➔ *Message from the Editor*

➔ *Message from the ISR President*

#### ***Radiological Quality and Safety Education, Recommendations, and Guidance Tools***

➔ *IAEA RPOP E-Learning course on "Radiation Dose Management in CT"*

➔ *IAEA Human Health Campus E-Learning modules*

➔ *"RaysAware" training module to improve understanding and communication of risks and benefits of medical radiation procedures (Android)*

➔ *"RaysAware" training module to improve understanding and communication of risks and benefits of medical radiation procedures (iOS)*

➔ *IAEA RPOP Webinars on radiation protection in medicine topics*

➔ *IAEA Nuclear Medicine Webinars*

➔ *Justification of CT for Individual Health Assessment of Asymptomatic Persons: A World Health Organisation Consultation*

➔ *First Korean Consensus Statement on the adequate use of CT exam in individual health assessment (IHA)*

➔ *IAEA Nuclear Cardiology Protocols Cross-Sectional Study (INCAPS) and Best Practice Recommendations*

➔ *Nuclear Cardiology: Guidance on the Implementation of SPECT Myocardial Perfusion Imaging*

➔ *Building awareness in pregnancy posters (in different languages)*

➔ *Factsheets for decision makers on radiation protection of patient topics*

#### ***Radiological Quality and Safety News***

➔ *ISR Quality and Safety Update: The first meeting of the ISR Quality and Safety Alliance (ISRQSA) at RSNA 2016*

➔ *Imaging asymptomatic people: Are we really doing more good than harm?*

➔ *The work of Committee 3 (Protection in Medicine) of the ICRP*

➔ *19th ISRRRT World Congress – Pre-Congress Workshop: Facing Challenges of Radiation Protection in the 21st Century*

➔ *WONCA Council Resolution on "Justification and appropriateness in radiological diagnostics"*

➔ *United Nations Scientific Committee on the Effects of Atomic Radiation (UNSCEAR) 2016 Report to the General Assembly*

➔ *Canada Safe Imaging*

➔ *Image Gently: A decade of making a difference*

➔ *Image Wisely - 2016 Update*

➔ *Update from RANZCR: InsideRadiology and Choosing Wisely Australia*

➔ *C/Can 2025: City Cancer Challenge from the Union for International Cancer Control (UICC)*

➔ *Making the case for radiotherapy investment*

➔ *National Institutes for Quantum and Radiological Science and Technology (QST, Japan)*

➔ *Preliminary results from an IAEA Survey on radiation protection of female workers in medical facilities*

➔ *Updated information about DRLs in medical imaging*

➔ *13 leadership characteristics to avoid in radiology; Ineffective leadership*
